Thinking about hair extensions or a hairpiece?
Book a consultation and let's go over it together!

Extensions

Extensions can be used to create length, add pops of color or give thickness. I use a beaded method with absolutely no chemicals, no glue, and no heat. It is gentle on your hair & will last up to 6 months with proper care & maintenance.

HairPieces

Truly a custom-made, one-of-a-kind HairPiece made to match your hair exactly. You can wear it as a ponytail, or a messy bun...the possibilities are endless. These handmade HairPieces can be shampooed, straightened or curled and will last years with good care. Most guests receive two HairPieces depending on thickness desired.
